Featherweight 4 on card ..... 1 card 15c

### Silkoshrine

Assorted Colors, 50 shades to make selection from, 3 for 10c

### City News Items

Week's Happenings in Brief.

The days are commencing to shorten.

Jack Ford is erecting a fine new residence on Stanley street, west.

M. B. O'Brien is on the east line this week on professional business.

Messengers Miquelon and Orr were visitors at the Capital this week, returning Tuesday evening.

Mr. Montgomery of Prince Edward Island arrived in the city on Monday evening on a visit to his son, Mayor Montgomery, and other friends. Mrs. H. J. and Miss Montgomery went to Lacombe to meet him.

J. H. Martin received a painful injury on Friday last, when the board he was sawing in his saw-mill flew back from the saw and hit him a nasty crack across the nose. Fortunately no bones were broken and he was not seriously injured.

Friends are requested to send us in news items when they are fresh. We don't want to publish the birth notices after the child has been weaned, a marriage after the honeymoon is over, or the death of a man after his widow is married again.

R. J. Daley, publicity agent for the Alberta Government with headquarters at Winnipeg, passed through the city on Tuesday. Mr. Daley only took the office a few weeks ago, but since that time has been instrumental in settling a large number in the central part of the province.

In connection with the provincial exhibition being held in Calgary, the C.P.R. will run an excursion train, leaving Strathcona at 7 o'clock on the morning of July 1st, reaching Wetaskiwin at 2:24, arriving in Calgary at 3 o'clock. Returning the train will depart from Calgary at 2:23 o'clock, arriving in Wetaskiwin at 6:56 a.m. No doubt many of our citizens will take advantage of this opportunity of seeing the fair.

The Pullerton-Pawcett Lumber Co. unloaded a new saw mill outfit here last week, which they are installing on the south side of Battle Lake west. This new plant consists of a 100 h. p. boiler and engine, built by McPherson & Sons, New Glasgow, N.S., a patent edger, lathe saw, planer, saw dust and refuse carriers, etc., being one of the most complete saw mill outfits in Alberta. This mill made a record trip, coming from Nova Scotia, over the C.P.R. in 19 days. This company have a large timber limit near the lake and expect to cut at least one and one-quarter of a million ft. of logs this season and will have much larger output next season. The boiler which weighs about nine tons, is being taken west by being rolled, and a very large crowd of interested citizens were at the freight shed to see the start, and many opinions being expressed that the boiler would never reach its destination, 46 miles distant in that manner.

### DISTRICT COURT SETTINGS

District Judge Lees held court here on last Saturday, when he heard the case of Hillgardner vs. Ward and the counterclaim thereon, with the result that he found for the plaintiff on the claim and dismissed the counterclaim.

He also heard a motion by Mr. Logie, for liberty to appeal from the verdict he gave at the last sittings of the court for the plaintiff in the case of Willows vs. the City of Wetaskiwin. Mr. O'Brien opposed the motion which the judge refused. This was a case where Willows sued the City for the return of certain monies he paid, being the old electric light account of Mr. Farris, who owned the house which Mr. Willows bought from him. The result of this decision is that parties are only liable for their own electric light accounts and not for those incurred by previous tenants or owners.

### SEEDS OF MORTALITY

Conductor-"Hello, Stubbs, What's in the big bag-garden seeds?"

Commuter-"Not exactly. Going to plant it in my garden though-it's arsenic."

Conductor-"Great Scott! What do you expect to raise?"

Commuter-"The mortality rate among my neighbors' cats, dogs and poultry."-Christian Advocate.

## HAMMOCKS

Now is the time to enjoy your Verandah or Lawn. Get a Hammock and comfort is yours.

Northbound train between Calgary and Red Deer stop at Flag stops to allow passengers to detain only. Southbound train between Strathcona and Red Deer will stop at Flag stops to allow passengers to detain only. Standard sleeper and first class coaches.

**Binds More Sheaves with Less Twine**

Plymouth Binder Twine is made right. It works smoothly, ties properly, and the last of the ball feeds as freely as the first. No knots or breaks. Fifty per cent stronger than the strain of any machine actually requires.

**PLYMOUTH Binder Twine**

Is used more than any other twine because it is known to be the best. Made by the oldest cordage establishment in the United States, where quality and honesty are spun into every ball of twine. Farmers who insist on seeing the wheel-and-axle tag on every ball of twine save money and avoid harvest delays.

AGENTS FOR

# C. P. R. LANDS

An excellent opportunity is opened to the farmers to buy C. P. R. Lands while the price is yet very low. There is every indication that the price of land, which has been low in Central Alberta, will within a short time be advanced considerably. Now is the time to obtain these lands in payments running over ten years at 6% interest. See us for prices. We have a fine assortment of choice improved and raw lands for sale which will make the investor money. Farmers contemplating selling will do well to list their lands with us.

**Fire, Life & Accident Insurance**

**Bradley, Smith & Martin**

# Duhamel Lumber Yard

All kinds of building material, lime, shingles, lathe, luml cr, building paper, wood fiber, plaster cement, building hardware etc. Plans and specifications given free of charge, also the estimated cost of any building.

**C. O. Quist** Owner & Manager

## REAL ESTATE IS ACTIVE

During the past few days many important sales of real estate has taken place in the district at good prices.

B. D. Anderson last week sold his half section just north of the city, to Alex Roy, of Washington, for a little over \$42.00 an acre cash. This establishes a new price for farm property in this district. The deal was put through by Cameron & Taylor and O'Brien & Kelley.

Among the sales made by O'Brien and Kelley were the Mallett half section, just west of Inhaman, to the Wetaskiwin Realty Co., at a good price for cash. They also disposed of Thos. Ambler's half section, near New Norway to C. L. Mathias for about \$22.00 per acre. Noble Morrison sold 480 acres of his holdings north of the city to Mr. Johnson, of Mantolfe, at about \$20.00 per acre. This transaction was also made through O'Brien & Kelley.

The firm of J. P. Johnson & Co. has also been busy, and in addition to several small sales disposed of C. H. Olin's half section, east of the city to Roy B. Hibbs for \$25.00 an acre. Mr. Hibbs has taken possession of the land.

## BOARD OF TRADE

The semi-annual meeting of the Board of Trade was held in the council chamber on Friday evening last, but not as many of the business men were in attendance as desired.

After the reading of the minutes a big batch of correspondence was disposed of.

A letter was read from Mr. Talbot re the very unsatisfactory treatment given new comers at the customs offices in Calgary. The matter was referred to Messrs. Rosenroff and Bradley to take the question up with the Minister of Customs.

A lengthy discussion took place on the financial condition of the board. It was thought that the council should make a liberal appropriation for the work of the board, and Messrs. Rosenroff, Ellis and Bradley were appointed a committee to address the council on the question.

Certain matters in connection with the proposed new post office for Wetaskiwin were also discussed. When Messrs. Olin, M.P., and C. O. Quist were selected as a committee to take the matter up with J. M. Douglas, the local member.

## FARMERS, INSURE YOUR CROPS

The thunder showers of this week have been a reminder that the season of the year has arrived when dangers to crops might occur at any time and in any locality. It is therefore of the greatest importance that the farmers of this district should lose no time in making application to the Provincial Treasurer, through a local agent, for insurance on every acre of grain that he has on his farm. The rates are so reasonable that if the farmer does not meet with a loss he will not miss the small amount of premium. On the other hand should disaster come, the indemnity for the loss will mean very much to the individual. Twenty cents is the premium on \$4.00 per acre indemnity; 30c. will entitle the applicant to \$6.00 per acre; and 40c. will cover the insurance on \$8.00 per acre in case of total loss by hail. The application fee for insurance is 50c.

Farmer, the next time you are in town, make application for the insurance, as it costs no more to insure now than later on. You cannot afford to take the risk of not insuring.

## BRIGHT VIEW

Hutrah for Bright View pic nie, July 1st.

Miss Howlett, our school teacher, will have her school give a few drills and national songs and she intends to have a photograph for the day. You may depend that what she does will be all done and in first-class order. Come and see her school recite and drill.

The Indians are coming up to show the Bright View boys how to play foot ball. If you play foot ball, come and try the metal of the Red Man. Also is there with the goods all the time. He plays the up-to-date game and understands the rules. There will be games and races for young and old men and women. Come and celebrate our national independence day. Don't forget your basket and custard pie.

G. S. Sims was a business visitor at Wetaskiwin on Monday and Tuesday, and while there purchased a new set of furniture and an additional chair for his barber shop.—Alex Free Press.

## SUMMER EXCURSIONS

A suggestion has been made that the railways should be urged to put on their cheap rate excursion in the summer time instead of the winter. To the majority of townspeople this change would be welcomed. They are usually too busy in the winter to go away for any time. The trip in the summer months is very much pleasanter. Three or four days in stuffy cars, with the temperatures; eighty or ninety above inside, isn't apt to have a good effect on a person's health or temper, and then there is always the chance that a move-blocade will prolong the trip to a week. From the company's standpoint the change should be an advantage, in that the expense of carrying heavy loaded trains is greater in the winter. On the other hand, there is, of course, the very important fact to consider that the bulk of westerners do not live in the towns and that the farmers must do their travelling in the winter. Why not leave the Christmas excursions and provide others at mid-summer for the benefit of those who cannot get away at any other time of the year.—Provinc.

## CASE DECIDED AGAINST SCHOOL BOARD

Yesterday, Judge Lees, of the District Court, handed down his decision of the case in which Wm. Mallett, the Smith of Wetaskiwin, sued the Millet School Board for damages on the ground of non-payment for a furnace which he had installed in the school house. The furnace being unsatisfactory was removed and a coal furnace put in by another firm.

The judge contends that the plaintiff had fulfilled the contract according to specifications and awarded him damages of \$20 and costs.

The case will probably be appealed to a higher court.—Millet Packet.

## PIC NIO AT LITTLE HAY LAKE

In view of the great success which attended the pic on Victoria Day at Little Hay Lake, another pic nic has been arranged to be held at Mr. Thomas Olsen's farm, 2 miles from Messrs. Laska & Larson's store and New Serepta P. O.) on Monday, July 4th. The programme will start at 11 a. m. and will include all kinds of sports; pony races and various other attractions such as concert, dance, etc. Visitors are requested to bring an abundance of provisions with them. Lemonade, ice cream, etc., can be procured on the pic nic grounds at usual prices.

## METHODIST CHURCH NOTES

An ordination service will be held in the church on Tuesday next, at 8 o'clock, at which several young men will be ordained to the work of the Christian ministry. The pastor of the church who is the president of the Alberta Conference will preside. The sermon will be preached by Rev. Herbert Gordon, of Strathcona, Rev. D. Riddell, A. D. Richard, of Camrose and Thos. Powell, of Lacombe. The public is cordially invited to attend.

The pastor, Rev. A. R. Aldridge, preaches both morning and evening next Sunday.

## BAPTIST CHURCH NOTES

Last Sunday evening Miss Carlson sang a solo during the offering. After the sermon, the choir under the direction of Miss Knight, rendered the anthem "Abide With Me."

Next Sunday morning and evening the pastor will continue the series of sermons which were commenced last Sunday. The morning subject will be "Can We Hold Out?" and in the evening the sermon topic will be "Is Your Soul Worth Considering?" A male quartette will sing in the morning.

## LAKE DE MAY

A Monster Sunday school pic nie will be held Sunday, July 13rd, at the church grounds on the east side of Lake May, 2 miles south of Round Hill. Programme—Baseball, Lake De May vs. Round Hill; football; racing; tug of war; fish pond; competition between two popular young ladies. Lunch will be served at the pic nic grounds. All welcome.

The present summer will see the completion of the installation of heavy 90 pound steel rails on the C. & E.

With a trifle over eighty miles of track remaining this spring to equip with the heavy steel, numerous extra gangs working from Lacombe south have now completed over twenty-five miles and the end of August will undoubtedly find the entire roadbed between Strathcona and Calgary put in to condition for really "fast travelling." Plaisidealer.

## KELLEY & TORRANCE

### GIGANTIC BLAST HURLS HILLS OF ROCKS SKYWARD

Cheney, June 10.—Dire confusion reigned at Cheney this afternoon when 24,000 pounds of Jettie powder was set off by electrical batteries on the right of way west of this point about three miles.

Citizens ran about with terror plainly depicted on their white countenances. Many thought that the end of the world had come, while "it's an earthquake," came from many scared lips. After a while the shocks not being continued peace was restored.

Largest Single Blast  
It was learned that the contractors working on that portion of the North Coast Railway just west of the city limits had set off the largest single blast ever exploded in the state. Twelve tons of the Jettie powder were used in the gigantic blast. The force of the powder, which has strength estimated to be one-third greater than any known explosive, crumbled the basaltic hills away like magic.

The section of rock work in that vicinity extends for a distance of a quarter of a mile. A number of the big blasts will have to be resorted to in order to cut the right-of-way through the solid stone hill. Rocks were hurled high in the air and minutes after the blast had been set off there was a rain of small rocks and debris. No serious damage was reported by the inhabitants of the surrounding country.

Another Big Blast  
On the Regal road, four miles north of the city limits of Spokane, another big blast of Jettie powder was set off as a trial blast by the contractors on that portion of the country road now under construction. The blast consisted of a charge of 2000 pounds and when fired sent the country people in the vicinity to cover.

The work of the blasting powder was reviewed by officials of the Good Roads Association and officials of the State Highway Department.

The Jettie powder is of local manufacture and is proving to be of excellent merit. Plans will be soon entered into for an increased capacity owing to the success of its use and strong demand created. The Inland Herald.

Canada produced more wheat per head of population than any other country except Argentina.

FOR ALL SUMMER SORES

### THE JUNE ROD AND GUN

While each issue of Canada's foremost sportsmen's Magazine contains some feature of special interest, the June number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont., is notable for several of these features, each one of particular interest to all sportsmen. "Three Weeks in the Forests of Quebec" with the successful capture of a moose, will prove entrancing, to all big game hunters; while the story of the success of Jack Miner in attracting wild geese in large numbers to a pond near his home cannot fail to hold the attention and secure the interest of all wild bird lovers. The latter story forms a splendid illustration of the success of protection and should encourage all engaged in the work. Mr. Miner has demonstrated the fact that it is possible to succeed with the wary wild geese and success with such shy birds means that efforts in other directions need not spell failure. The importance of the policy of Conservation justifies the illustrated account of the gathering at Toronto University. This policy names more to the future of Canada than the present generation was fully realize and to all interested in the great out door life is vital. A full supply of stories appealing to all tastes is included in a number which will prove a fine companion on all vacation trips.

### PROVINCIAL APPOINTMENTS

The following provincial appointments have just been announced by the Provincial government: Justice of the Peace—Manley Hugo Unland, of Chesterford. Issuer of Marriage Licenses—T. T. Makke, of Laseen. Brand Readers—James B. Erickson, of Camrose; William Ross, of Round Hill.

### CANADA'S VAST WHEAT FARM

Canada's wheat-growing belt is 4 times the area of U. S. belt. Western Canada has 171 million acres of wheat lands. (Prof. Saunders' estimate.)

Average yield of wheat per acre for ten years: Western Canada, 18.35 bushels; Minnesota, 14; Kansas, 12; Missouri, 11; North Dakota, 12.4.

Estimated value of Western wheat crop, 1909, \$120,000,000.

Canada supplies Great Britain with 11 per cent. of her wheat composition. Average wheat yield per acre, 14 bushels per acre for winter, and 21 bushels in 1906, and 21.51 in 1909 for Canada.

The percentage of Canada's farm products for 1909, which was of merchantable quality, ranks high for all the crops in all the provinces. 55.87 per cent. of Canada's 1909 wheat crop was of merchantable quality; 90.86 of oats; 92.87 of barley.

Canada's wheat, 1909, yielded 24 bushels for all Europe, 12 for U. S. for spring wheat. United States averaged 16 bushels for winter and spring wheat; Russia, 14 bushels for winter and 11 bushels for spring wheat. Australia 11 bushels, Argentina 11 bushels. Canada thus stands pre-eminent amongst the newer nations with 50 per cent. more wheat per acre than the United States.

The C. N. R. surveyors are now working in the vicinity west of Lacombe, en route for the Brazzaville river—Globe.

The government has decided to go ahead with the construction of the Hudson Bay railway. At the recent session an appropriation of \$300,000 for construction purposes went through, and since then the plans and specifications have been in preparation for the section of the line on which surveys were completed. Tenders are to be called for at once.

Edmonton, June 18.—A million dollars worth of standing timber has been destroyed by fire in the north country during the last two weeks, according to the estimates of men who have traversed that country, including James K. Cornwall, M. P. P., for Peace River. The area burned over is fully 200 miles by 20 miles wide, and the fire have not been extinguished and cannot be until next winter.

### IMMIGRATION REGULATIONS

For some time past the press of the British Isles has been waging warfare on the Canadian Immigration regulations, directed in the main against two regulations: The first requiring immigrants coming to employment other than farm work; or, in the case of females, to domestic service, to have in their possession at time of landing the sum of \$25, in addition to railway transportation to ultimate destination; the second providing that the consent to emigrate to Canada (required by law to be granted by the Assistant Superintendent of Emigration for Canada in London, England, to such charity aided emigrants as he considers suited to this country shall be given only to such as are suited for, willing to accept, and have secured employment at farm work. A strong agitation is being carried on to have these regulations abolished or altered.

The Times believes the regulations are alright as they stand. If they are at all it is not being stringent enough. Under the existing regulations the gate is opened wide for every immigrant that can be of any possible use to Canada. To remove the regulations that appear to give offence in certain quarters in the mother country would be to open the way for the admission of large numbers of very undesirable immigrants. Of course we can see why the British Isles wants to get rid of these undesirable, but for the life of us we can't see why they should be dumped on Canada.

Winnipeg, June 20.—With the thermometer touching 96 in the shade many people were prostrate in Winnipeg to-day. The excessive heat was accompanied by a hard southern wind, leading much to the distress. It is feared that a continuance of this weather will seriously damage the crops in this district.

Ottawa, June 18.—Immigration into Canada in the past ten years totals 1,445,288 according to statistics contained in a pamphlet to be issued by the department of immigration. The fiscal year recently closed eclipsed all others in volume of immigration, the arrivals numbering 208,794. Of the grand total about 55,000 came from the British Isles; 694,000 from the continent, and 497,000 from the United States.

Winnipeg, June 18.—The Canadian Northern Railway Company will make extensive improvements on their main line between Winnipeg and Edmonton, this summer. The road will be thoroughly ballasted and relaid with eighty-pound rails instead of the sixty-pound rails now in use. There are now twelve steam shovels now working in gravel pits west of Winnipeg, and three more will be put to work shortly. Heavier steel has been laid from Fort William to Winnipeg, and will now be continued westward with all possible speed. The improvements to the main line will permit of trains being put at much faster speed than is possible under present conditions.

Steel-laying is proceeding rapidly on the Calgary-Vegreville line of the C. N. R., south of Stettler, according to Robert L. Shaw, M.P.P., for Stettler. The steel has already reached Stettler and is now six miles out of the town. The steel-laying gangs are still working, and expect to have the steel to the Red Deer river shortly.

## DR. WOOD'S NORWAY PINE SYRUP.

Is Specially Calculated To Cure All Diseases of the Throat and Lungs.

Coughs, Colds, Bronchitis, Sore Throat, Hoarseness, Croup, Pain or Tightness in the Chest; and all Bronchial Troubles yield quickly to the curative powers of this price of medicinal remedies. It contains all the virtues of the world famous Norway Pine tree, combined with Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.

Did you know?—Winnipeg, Ontario, writes: "I was troubled with a nasty hacking cough for the past six months and used a lot of different remedies but they did me no good. At last I was advised by a friend to try Dr. Wood's Norway Pine Syrup and within the first few days I found great relief and to-day my hacking cough has entirely disappeared and I am never without Dr. Wood's Norway Pine Syrup in the house."

"The price of Dr. Wood's Norway Pine Syrup is 25 cents per bottle. It is put up in a yellow wrapper, three lines the trade mark, so be sure and accept none of the many substitutes of the original 'Norway Pine Syrup.' Manufactured only by The T. Milburn Co., Limited, Toronto, Canada. FOR SALE BY H. L. HIGGINS

### UP-TO-DATE AND NOVEL

Advertising Methods Adopted by an  
Enterprising House

"That Wetaskiwin is fast becoming metropolitan in the methods of advertising used by our merchants to call the buying public's attention to the many splendid values which they are offering, also that the wide awake merchant, O. H. Johnson is keeping up with and just a little ahead of the times in an advertising respect is again practically demonstrated by what is perhaps the most elaborate system of advertising ever attempted by any business house in this section, namely: the giving away of the beautiful Upton Parlor Grand piano, which is now upon exhibition at their store."

This piano retails at \$450.00 each, guaranteed for ten years. The principal points of superiority of the celebrated Upton piano over any other of this class of instruments lie in the three strings of unison with over bass, the splendidly pitched scale and true sounding board which gives the Upton that rich, deep, even tone so much admired.

In a recent interview with Mr. Johnson regarding this decided innovation in advertising, he stated: "We have been enjoying the patronage and confidence of the buyers of this community for some time now and by always trying to keep our stocks complete the saying that 'You can get it at Johnson's' has become a household expression. In giving away this piano we are actuated by a double purpose, to show our appreciation of the patronage of our friends during the past also to encourage new trade and to bring the many splendid values we are now showing in all lines to the attention of every buyer in this territory. The plan we are using in giving away this piano is equitable and fair to all, simply this, every person buying one dollar's worth of anything in our store will receive a coupon good for 100 votes. The person returning to us on December 24th, 1910, the largest number of votes will be given the piano absolutely free of cost. No favors will be shown. Our reputation for 'square dealing' assures our customers of that fact."

This \$450.00 Upton Parlor Grand piano is surely a present worth having and we predict a very "merry race" for coupons during the next few months.

O. H. Johnson is surely to be congratulated upon his broad minded method and "Trade Getter" advertising system.

### THE WISDOM OF WAITING

(From The Canadian Courier)

Every free-trade authority on the continent claims that the reign of high tariff in the United States is nearly over. Ordinarily this state of affairs would not interest us. To-day it does. If the United States tariff is coming down this is a most important time to negotiate reciprocity.

The only reason why Canada would consider reciprocity which means giving and taking, is a desire to get our products and wares into the United States at lower rates than is now possible. If this same result is likely to be secured in the near future without any effort on our part, why enter up on negotiations? Why should Canada lower a low tariff to get an advantage which is sure to come whether she lowers her tariff or not.

Of course, Mr. Doubter will say that he is not sure that the United States tariff is steadily decaying, that he desires to see free trade established on this continent, and that he would enter upon reciprocity negotiations if the United States is willing. Mr. Doubter is therefore requested to read the editorials in the free-trade papers of both the United States and Canada. These are prophesying that after the congressional elections in November next there will be a decided movement towards lower duties.

For example, the Toronto Globe, which has played such an important part in the bringing about reciprocity negotiations, says in its issue of June 11th, speaking editorially:

"There will be an election in November and as the day draws nearer, indications are becoming more and more plain that the tariff is to be the great question."

"The outlook is not good for the continuance of a high tariff. The Democrats are against it and the South is with them. The insurgents are against it, and they have a good chance to win the West. Consumers are tired of paying double prices, and even manufacturers are coming to see that under free trade there are advantages which they have been missing all these years."

If all this is true why should Canada enter upon reciprocity negotiations? Why not wait until the high tariff comes down a peg, and then start in to barter tariff reductions?

## THE SAFETY OF "FRUIT-A-TIVES"

May Be Taken For Years

The Ideal Remedy For  
Young and Old

Nature's gifts do us good, if used judiciously. We eat bread from childhood to old age without ever tiring of it. We drink water, year in and year out, with the greatest benefit to our health. So too, we eat fruit in season and are better for the change of diet. This is true, because such things are the natural foods and drink of mankind. It is for this reason that "Fruit-a-tives" may be used for years in correcting some ill of the body. As is well known, "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes.

Just as fresh fruit may be eaten at every meal, so "Fruit-a-tives" may be taken every night for 30 years or more with the greatest benefit. The absolute safety of "Fruit-a-tives" has been a great factor in its success. Those who suffered with chronic troubles such as Constipation, Dyspepsia, Rheumatism, etc., naturally took a number of boxes of "Fruit-a-tives". As they became better, they found that instead of being compelled to increase the dose as in most medicines, they were decreasing it, and gradually taking fewer doses.

Each box, 5 for \$2.50, or trial box, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

### A WARNING

It is estimated, says the Canadian Farm, that from fifty to seventy five per cent. of all primary cases of typhoid fever are caused by drinking impure water. Therefore if all drinking water were pure, the ravages of this disease would be lessened by at least one-half. The large number of typhoid fever patients in hospitals in Canada come from the country, proof that drinking water in the country does not average as high as regards purity, as water in the city. The neglected farm well is one of the chief sources of typhoid germs. Thousands of cases of typhoid cases are traced directly to it, yet the well is the most neglected thing about the farm, a source of pollution and filth that is often indestructible.

### C. N. R. LETS CONTRACT

The construction of the main line of the Canadian Northern railway from Edmonton to the Yellowhead Pass will be commenced at once. The contract for the best section from Edmonton to the Pembina river, a distance of seventy miles, has been awarded to McMillan Bros., who are now on the scene prepared to start work. The whole seventy miles will be graded as rapidly as possible and the company have to have the rails laid before Christmas, but it is not certain that they will be able to do so. The contract for the line from near Stettler to the Brazeau coal fields will be let shortly.

### Was All Run Down.

Weighted 125 Lbs  
Now Weighs 185.

Mrs. M. McGinn, Debec Junction, N.B., writes: "I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 185 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FOR SALE BY H. L. HIGGS

### AUCTION SALE OF INDIAN LANDS

There will be offered for sale by public auction, at an upset price, in the town of Ponoka, in the Province of Alberta, on Wednesday, the 22nd day of June, 1910, at the hour of one o'clock P. M., the following lands in the Louis Bull, Bonanza and Samson Indian Reserves, namely:-Fr. sec. 28, fr. sec. 29, fr. N. 1 sec. 30, fr. S. 1 sec. 31, fr. N.E. 1 sec. 31, fr. S. 1 sec. 32, fr. 1 sec. 33, N.E. 1 sec. 34 and S.W. 1 sec. 34, all in Tp. 45, R. 25, W. 4 M., in the Louis Bull Indian Reserve; S.E. 1 sec. 15, N. 1 sec. 15, S.W. 1 sec. 16, N.E. 1 sec. 16, fr. W. 1 sec. 17, N.E. 1 sec. 17, fr. sec. 18, and S. 1 sec. 19, Tp. 48, R. 24, W. 4 M., fr. sec. 19, fr. sec. 14, fr. R. 1 sec. 15, S. 1 sec. 23, N.W. 1 sec. 23, sec. 24, sec. 25, sec. 26, S. 1 sec. 25, N.E. 1 sec. 25, and sec. 36, Tp. 48, R. 25, W. 4 M., sec. 1, S.E. 1 sec. 2 and S. 1 sec. 12, Tp. 44, R. 25, W. 4 M. in the Bonanza Indian Reserve; Fr. S. 1 and N.W. 1 sec. 19, Tp. 44, R. 24, W. 4 M.; S.W. 1 sec. 22, N.E. 1 sec. 22, N. 1 sec. 24, sec. 27 and 28, S. E. 1 sec. 29, N.E. 1 sec. 29, sec. 32 and 33 and W. 1 sec. 34, Tp. 44, R. 25, W. 4 M., in the Samson Indian Reserve.

The lands will be offered for sale in quarter sections, cash, or one-tenth cash and the balance in nine equal annual instalments with interest at five per cent. on the unpaid purchase money. Accepted cheques will be taken in lieu of cash.

Upon a parcel of land being knocked down, the purchaser shall immediately deposit the sum of one hundred dollars with the Clerk of the Sale, otherwise the parcel will at once be put up again. For this purpose intending purchasers should provide themselves with marked cheques on chartered banks of Canada, made to their own order and payable at par at the point of sale, or with bank notes of an large denomination, as possible. The balance of the cash instalments must in every case be paid in cash or by marked cheque before the close of the sale, failing which the forfeited, and the land withdrawn from sale.

Any information regarding the lands in question may be obtained upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN, Secretary.

**MAKES SOCIAL DRINKING UNPOPULAR**

If social drinking in the society world could be made unfashionable the cause of temperance would be greatly advanced. If social drinking among men could be made unpopular total abstinence would receive a mighty impulse.

It is as a social custom that strong drink begins its deadly work. The young man does not take his first drink because he likes it. He takes it because he thinks it will make him seem manly and up-to-date to do so. He does not purchase a little of whiskey and go off by himself to drink it. He may do that later on, but at first he drinks for the social pleasure he expects to derive from it.

Temperance workers and their noble fields of work among the children and the drunkards. One class devotes its chief efforts to pleading the children, and the other class applies its efforts to saving the drunkard. But between these two extremes is the great recreating ground of inebriety—the social drinking customs of the country.

Visit any restaurant where liquors are served at any hour when they are crowded with guests and it will seem to you that every patron of the establishment, whether man or woman, is drinking cocktails, champagne or beer, with an occasional order for straight whiskey. Judging by such appearances you may think that drinking is largely on the increase. And perhaps it is true that there is more social drinking than formerly. Most men demands have not reached this branch of the liquor problem. But it is believed that there is not so much drunkenness as there used to be. Not because people have become more abstemious in their desires, but because sobriety has become a business requirement.

The social drinker is in a sort of local's parade. He imagines he is having a good time; but he is blocking his way to advancement. The man who carries a whiskey handkerchief has a hard road to travel. Nobody wastes him.

The real rules of the world have decided against whiskey. Railroads and corporations have adopted rigid rules with regard to strong drink. They will not employ men who drink. They will not continue in their employ men who are known to use intoxicating liquor.

Trades unions are beginning to bar the drinking man. They are finding him an expensive proposition. By their rules there is a regular scale of wages for certain kinds of work. But the drinking man fails to make good. He reduces the average and brings reproach on worthy members.

In these days of close competition and small margins it is necessary for a man to be at his best if he would succeed, and no man can be entirely fit who is ever so slightly under the influence of strong drink.

Then there is the domestic or home side of the drink question. The man who drinks brings wretchedness and misery to his family. He is not a good husband. He is not a good father. He defrauds those whom he has sworn to love and cherish. He robs them of their rightful honor and protection. If whiskey makes him vicious they fear him. If it makes him stupid they are ashamed of him. If he is poor they suffer deprivation and want. If he is rich they look at the time when bad management or neglect will reduce them to poverty and add to the humiliation of his habits there will be the discomforts of penury.

Whiskey has been driven from nearly every place of honor and trust. It is a bar to achievement, an enemy to happiness and a menace to health. Even as a medicine alcohol has lost its vogue and the best physicians seldom prescribe it.

But in spite of business requirements and domestic needs, social drinking continues. There is something incomprehensible about the tolerance of a custom which, if continued may ruin a man's prospects.

Sobriety is stock in trade for the ambitious man. It opens the doors of opportunity. It gives him a chance to utilize his ability. It converts his energy into cash. It materializes his aspirations. Inebriety blights ambition, closes the door to opportunity, paralyzes energy and destroys the aspirations.

Sobriety builds up. Inebriety pulls down. The two are antagonistic. They have nothing in common. And yet, at the very time when sobriety is at the highest rate of premium and drunkenness begins in social drinking we are told that social drinking is on the increase.

There is more than a note or inconsistency in a policy that bids its people

Thursday, July 7.—Standards VII and VIII—Chemistry, 9 to 1.30; animal life, 1.30 to 2.30; composition (essay), 3.45 to 6.15.

Friday, July 8.—Standard VII—General history, 9 to 11.30. Standard VIII—General history, 9 to 11.30; English literature (Milton, etc.), 1.30 to 4.

Saturday, July 9.—Standard VIII—History 9 to 11.30.

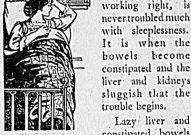

Monday July 11.—Standard VII and VIII—Latin authors, 9 to 11.30; Latin grammar and composition.

Tuesday, July 12.—Standard VII and VIII—French authors, 9 to 11.30; French grammar and composition, 1.30 to 4.

Wednesday, July 13.—Standards VII and VIII—German authors, 9 to 11.30; German grammar and composition.

**You'll Sleep More Soundly**

If You Keep Healthy With  
**Dr. Morse's Indian Root Pills**

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on aches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-debilitating tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

**SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS**

ANY person, who is the sole head of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or his father, mother, son, daughter brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

## MEN-YOU NEED NERVE

EARLY INDISCRETIONS AND  
EXCESSES HAVE UNDER-  
MINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. Early indiscretions and excesses have ruined thousands of promising young men. Unnatural pleasures, both physical and mental, and their over-indulgence to a proper condition of mind and body. They remain weak, nervous, mentally, physically and generally. How can you feel? Are you nervous and weak, despondent and gloomy, prone to depression, with dark circles under the eyes, weak back, kidneys irritable, palpitations of the heart, painful, debilitating dreams, sometimes in urine, pimples on the face, eyes swollen, hollow cheeks, constant depression, poor memory, listless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pain, hair loss, etc.

This is the condition of the New Method Treatment is GUARANTEED TO CURE. We have treated thousands of men for almost a lifetime and do not have to experiment. Consult us for FREE OF CHARGE.

We guarantee curable cases of NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND SKIN DISEASES, GLEET, BLADDER URINARY AND KIDNEY COMPLAINTS. Free Booklet on Diseases of Men. If unable to call write for it.

### GOVERNMENT CROP REPORTS

Ottawa, June 17.—The Census and Statistics Office has today issued a report on the estimated area and condition of the principal field crops of Canada at the end of May, based on the reports of a large staff of correspondents.

The area under fall wheat is put down at 707,200 acres, which is 45,000 acres more than last year, and its per cent of a standard condition is given as 87.65, which is 5.50 higher than last year. Spring wheat is given an area of 8,587,600 acres, being 1,499,000 acres more than last year, and its condition as compared with the end of May last year is 91.49 to 92.15. Oats which has an area of 3,841,000 acres, is 561,500 acres more than last year, and its condition at the end of May was 92.32. A year ago its condition was 92.32. The area of barley is 1,834,000 acres, or 30,500 acres less than last year, and its condition is reported at 92.94 compared with 91.49 last year. The area of corn continues to decrease, but its condition is about the same as a year ago. Peas with 386,100 acres is less than last year by 7,200 acres, and its condition is 93.01 as compared with 90.59 last year. The area of mixed grains is 575,700 acres, or 6,400 acres less than last year, and their condition at the end of May was 94.72 compared with 91.71 last year. The area in hay and clover is given as 8,515,400 acres, which is 385,100 acres more than last year, and the condition is 97.64 or 7.28 more than in 1909.

The area of all these field crops is reported at 30,554,200 acres, which is 2,359,000 acres more than last year, and 4,551,000 acres more than in 1908. The largest increase has taken place in wheat, which has now reached 9,294,800 acres. In 1909 it was 7,795,800 acres, and in 1908 it was 6,296,800 acres, which is a gain in two years of 2,998,000 acres or more than 40 per cent. The provinces of Manitoba, Saskatchewan and Alberta increased their area in wheat from 2,495,466 acres in 1910. In Saskatchewan alone the increase of this crop over last year is 310,000 acres.

Ontario shows an increase in fall wheat from 821,100 to 1,000,000 acres, and in oats from 3,142,200 to 3,282,000 acres. Quebec from 1,574,300 to 1,647,000 acres, Manitoba from 1,390,000 to 1,451,000 acres, Saskatchewan from 1,847,000 to 1,973,000 acres and Alberta from 820,000 to 974,000 acres.

The condition of pastures is over 100 in the Maritime Provinces and Quebec. It is 93.02 in Ontario, 89 in British Columbia and around 90 in Manitoba, Saskatchewan and Alberta. Alfalfa is growing in favor in all the provinces, but especially in Ontario where a large number of correspondents report upon the increased area in this crop.

The effects of late frosts have been felt in many places, and injury has been done to fruits and tender vegetables in some localities, but generally by the prevailing low temperatures of April and May have strengthened the field crops and have left them better able to withstand the attacks of night frosts and re-seeding and replanting have been less necessary than in former years.

SOUR STOMACH  
Is An Almost Certain Sign of Acute Indigestion

If you occasionally have a taste of sour food in your stomach, it surely shows that the food you are eating is not being digested, but instead, it is fermenting and giving out poisonous gases.

Belching of gas is a common symptom at such times, and also that of heart burning, as if your stomach was carrying a much greater load than it could stand.

If you want prompt relief and permanent cure, go to the Red Cross drug store and get a large box of Mi-o-n tablets for 50 cents.

The Red Cross Drug Store knows that Mi-o-n is a highly recommended scientific remedy, and that is why it is ready to return your money if it fails to cure acid stomach, belching of gas, distension, biliousness, sick headache, poor breath, and all stomach troubles.

**HYOMEI**  
(MILK-BASED LAXATIVE)

Rev. O. C. McLaughlin, superintendent of Baptist work in Alberta, was a visitor in town last Friday.

### BATTLE LAKE

Miss Francis Eastman has gone to join her brother in California.

Mrs. Vic. Hancock, of Leduc is spending a few days with friends at Mayaganga Lodge.

C. H. Wallace, who is holding the fort on the battle ground, has unearthed an arrow-head and battle-axe, belonging to the stone age.

Mr. R. Shannon, who was seriously ill has derived much benefit from our health-giving water.

The village blacksmith who visited Buck Lake last week, missed the trail, but managed to see most of the west country before he got back. He says David has a fine place.

Mr. and Mrs. Miller are spending the summer at Ponoka.

Joyce Thomas, Bert Slaughter and Tom Marsden are in Wetaskiwin.

Oliver Hagen has gone south to round up his horses.

Mr. and Mrs. P. C. Papineau, who have been in the East, are expected home this week.

Pete Person came over from Springdale, on Saturday.

J. C. Kinsman has a man breaking for him and is also doing some fencing.

Jack Stelfox had a nocturnal visit from Mr. Bruin last week. Bruin ran and so did Jack. Two bullets failed to check the mad career of the bear and so Jack had not time to put even his slippers on, he had to abandon the chase.

Mr. A. C. Bunney is very busy with his garden since coming from town.

Battle Lake will soon boast of four saw mills. P. C. Papineau's which has been supplying the community with lumber for some years; Hagen & Sons, lately located on Oliver's homestead; Thomas & Nelson, about ready for operation on Mrs. Thomas' claim and the Fullerton & Fawcett Lumber Co. who are putting in a large outfit to manufacture the timber cut on their limits last winter, into lumber and lath. J. M. Hammett will act as engineer for the Fullerton & Fawcett Co.

### News Notes

Winnipeg, June 23.—As anticipated a week since, the Manitoba elections are set for July 11th, the nominations being a week earlier, on the 4th. This was given out after the cabinet meeting to-day.

Wainwright, June 20.—A terrific thunderstorm raged here this afternoon. There has been nothing like it for twenty years in the district. Great damage was done to buildings and stores were flooded. The crop, however, is not yet to hand. The hail stones which fell were as large as hen's eggs.

The government launch LeFleur, in charge of Engineer Malhot, left Wainwright last Wednesday evening for the long trip down the Saskatchewan, which will be thoroughly surveyed during the summer for the purpose of eventually making the stream navigable between here and Winnipeg. The launch was held up here for a few days undergoing repairs after the first survey trip up stream—Plaindealer.

Red Deer, June 20.—A double fatality is reported from Evans today. The two sons of C. B. Jackson of that village, when in bathing yesterday near the bridge, over the Medicine river, were carried away by the current and drowned. It is difficult to get details, but it is reported that the youngest boy was first carried by the current and the elder was drowned in attempting to save him. The boys were about 11 and 14 years old.

The trained dog and pony show Saturday drew a good crowd at night and gave a very satisfactory performance. The heavy wind in the afternoon prevented the tents being raised. The show has been in hard luck, owing to no proper advance advertising and owing to travelling by wagon over the long distances in this country, and on Saturday night it disbanded. Mr. Markie is an expert animal trainer, and he intends to re-organize for next season and put on a show which will travel by train. Red Deer Advertiser.

That the cost of living has increased enormously of late is made clearly one statement of Bradstreet's Commercial Agency. This statement covers the cost of fifty-nine commodities entering most widely into personal consumption and including breadstuffs, meats, dairy products and clothing. The statement shows that \$17.25 was required on June 1st last to buy the same amount of commodities in these lines that could have been bought with \$6.30 on March 1st of the previous year, and for \$4.21 on July 1st of 1896.

## FARMERS FACTS

The only way you can secure the best returns for your grain is by loading and shipping it yourselves in car lots, and having it handled by a reliable commission firm. "The Grain Growers' Grain Co." have an office in Calgary. We are a farmers' company, controlled solely by farmers. We simply act as your agents in marketing your grain. We look after your interests in every way our claims department is at your service. We do business in a business like way, make prompt and liberal advances on receipt of your Bill of Lading and prompt returns when grain is sold. Our records this season show 100% increase over our business of last season.

**THERE'S A REASON, WE HAVE MADE GOOD.** Send us samples of your grain, we will forward you by return mail, grade, and highest market price for same. Write, wire, or phone us, for shipping instructions or any information you want.

**"WRITE US TO-DAY, GET IN TOUCH WITH THE FARMERS CO."**

## Wake Up or Pay Up!

The Farmers' Co-operative Store Ltd.  
 Head Office, Wetaskiwin, Alta.

Stores now open for business in Wetaskiwin, at Banor's old stand, Railway St. East, and at Bittern Lake, Battle Lake, 5 miles south Lewisville P.O., will be in operation in a few days, Gwynne has been in operation for over 12 months.

Every Farmer should take an interest in this co-operation, as it is owned and operated by themselves.  
 D. E. HUMBE, Manager

## City News Items

Week's Happenings in Brief

**NOTICE**  
 Owing to Friday of next week—July 1st—being Dominion Day, and a public holiday, all places of business in Wetaskiwin will be closed. The public is requested to bear this in mind, and not come in to do any trading.

Mr. and Mrs. W. A. Smuck are visiting Edmonton friends.  
 Aid. MacEachern made a trip to his ranch south of Stettler this week.  
 A large picnic is being given in Bentley's grove this afternoon by the U. P. A.  
 J. W. McKinlay attended the sale of Indian lands held at Ponoka on Tuesday.  
 H. L. Higgs has purchased a fine new E. M. F. 30 h. p. auto from R. Angus.  
 Mr. Odell, of Ontario, was in the city this week visiting his son W. H. and C. C.  
 A. J. Russell, of Lacombe was in the city several days of this week on business.  
 Mrs. McConnell, of Bluff Centre is on a visit to her daughter, Mrs. J. H. Robinson.  
 Mr. Thos. McConnell of Bluff Centre was transacting business in Wetaskiwin last week.  
 Mrs. S. C. Andrews returned Wednesday after spending several days with friends at the Capital.  
 Quite a quantity of fresh paint was applied to town buildings last week. It has made a big improvement.  
 Rev. and Mrs. Hogg, left on Saturday evening last, for Ontario, where they will make their future home.  
 G. R. Taylor made a business trip to Edmonton, this week, in connection with the water and sewerage system in this city.  
 Mr. and Mrs. John Walker, jr., and family left on Monday for Vegreville where they will spend a few days visiting friends.  
 Sergt. Phillips left last week for the Southern States on business of a personal nature. He will be absent at least a month.  
 Thos. Ward will commence the erection at once of a fine modern 25 x 30 house on Dickson avenue. The excavation has been made.  
 Chas. H. Olla went to the Vermilion district this week where he will address a number of meetings in the interests of Premier Sifton.  
 T. C. Atcheson, C.P.R. superintendent of grain transportation, was in the city a few hours this week inquiring into crop conditions.  
 Gardens in the city are making rapid growth, especially since the recent rains. Aid. Ellis had potatoes in his garden last week and also ripe strawberries.  
 A report has been current for several days that both the C.P.R. and C.N.R. have survey gangs in the southern country working towards Wetaskiwin.  
 Geo. P. Smith, M.P.P., of Camrose passed through the city, on Monday en route to the Vermilion constituency where he is working for the election of Premier Sifton.  
 Bradley, Smith & Martin, who were obliged to move their building off Mayor Montgomery's lot, move their building next to the Government Creamery, Railway street.  
 H. S. Taylor has in his window a sample of fall wheat which is headed out and is about 20 inches in length. The sample was taken from the farm of John Berry, near town.  
 Adam Kaiser sold one of his fine teams one day last week to an Edmonton man for the sum of \$700. They were aged 8 and 4 years. Adam says it pays to raise the best stock.  
 A change was made in the Wetaskiwin branch of the telephone department this week, when A. M. Blackburn succeeded A. R. Clarke as local manager. A Mr. Grierson of Edmonton was also added to the Wetaskiwin staff.  
 A splendid song service will be given in the Presbyterian church next Sunday. Solos by Miss Hope West, Mrs. Walker and others. Either Rev. Mr. Archibald, of Ponoka, or Rev. Mr. Stewart, of High River, will preach at both services.  
 T. C. Rubbra left for the coast on Thursday evening's train, where he will remain indefinitely with Mrs. Rubbra, who is suffering from nervous prostration. Mr. Rubbra's father who recently arrived from Montreal, will have charge of the business during T. C.'s absence.

Excavation was started this week on Mayor Montgomery's lot adjoining the Courton Block, Pearls St., where a modern two-story brick building will be rushed to completion with all possible speed. The building will be occupied by Thomas & Ward, as a meat emporium.  
 A meeting of the Wetaskiwin Game Protective Association will be held in the city hall on Friday evening of this week, at 8.30 o'clock sharp, to discuss the by-laws of the association and proposed amendments to the game act. Everyone interested in the protection of game in this district is urged to be present.  
 As an evidence of the amount of money that can be made out of real estate, we might refer to the sale of Mr. B. D. Anderson's of last week. When Mr. Anderson took this land eight years ago, he was offered to go in debt to buy horses and implements to work it. His sale last week for \$13,500 cash, and he still has three quarters which he purchased since locating in this district.  
 A man giving his name as D. L. Ford, was arrested in the city on Wednesday night, charged with stealing a horse in Calgary a few days ago. It is thought he drove the horse to Ponoka, where he endeavored to sell it, and not being successful he came to Wetaskiwin and had the animal disposed of at the auction sale of horses conducted here yesterday. He is supposed to be the man named Shultz, whose five years ago sold several stolen horses to citizens of Wetaskiwin, and who served time for same.

**THE PROGRESS OF THE CROPS**  
 The reports from all over the district are becoming more encouraging every day. There has been a good deal of rain recently and the warmer weather of this week has brought the grain along rapidly. The weather was cool during May and the first few days of June, but according to the best authorities that gave the plant an opportunity to shoot out well, and as a result it is in very vigorous condition. A continuation of the warmer weather of the past few days, growth will be extremely rapid. The heavy rains of last week came at an opportune moment, as the winds that had prevailed had dried the land and moisture was needed.  
 All that is wanted from now on is plenty of sunshine with occasional showers. In many districts there has been sufficient rainfall for at least two weeks. The outlook is, on the whole, most promising and with average conditions from now on until harvest, the Wetaskiwin district will garner one of the best crops in her history.

**ECKHARDT THEATRICAL COMPANY COMING**  
 Owing to the excellent reception accorded them in Edmonton and being obliged to accede to their request to remain for a longer engagement, the Eckhardt Theatrical Co. were unable to keep their engagement here. They will however, be here for three nights commencing Monday, July 4th. This is an exceptionally strong company of artists and some most highly recommended. It is the same company that has been playing Calgary for five weeks at the Lyric Theatre and now in Edmonton at the Empire Theatre. Mr. Angus has engaged them to come here for three nights at an extra expense and it is to be hoped large audiences will greet this excellent attraction and show our appreciation of a first-class show when it visits our city. Everywhere the company has been playing to capacity houses and giving great satisfaction. Satisfaction is guaranteed or money most cheerfully refunded. Prices 25c, 50c and 75c for reserved seats now on sale at Bailey's jewelry store.

For the first time since liberating the Hungarian pheasants over one year ago, the local branch of the Fish and Game Protective Association received a favorable report of the birds last week, when C. H. Plinnell found one pair, with eleven young ones, about seven miles north of Ties. Another pair with their young ones were seen the same week about five miles north of Alix. It is a matter of gratification to the society that the birds are doing well, as for a time it was believed that they would perish through cold or at the hands of careless hunters.—Free Press.

Winnipeg, June 22.—A true bill was returned by the grand jury this afternoon in the case of Robert C. Edwards, editor, Eye Opener, charged with circulating immoral literature.

**BORN**  
 LEWIS—In Wetaskiwin, on the 22nd inst., to Mr. and Mrs. D. E. Lewis, a daughter.

## ALBERTA FAIRS 1910

Circuit No. 1—  
 Calgary, July 1, 2, 3, 4, 5, 6, 7.  
 Okotoks, July 12, 13.  
 Innisfail, July 14, 15.  
 —a—ed, August 3, 4, 5.  
 Lethbridge, August 1, 2, 3, 4, 5.  
 Claresholm, August 15, 16.  
 Medicine Hat, August 17, 18, 19.  
 Edmonton, August 23, 24, 25, 26.  
 Circuit No. 2—  
 Raymond, September 19, 20, 22.  
 The prize was won by a lady in Okotoks who sent in the following: "Because every man should have one in his home, and not run after his neighbors."  
 Ottawa, June 19.—Sir Wilfrid Laurier will in all probability drive the first spike in the Alberta Central Railway, the approval of the route of which has been given by the Railway Commission. The proposed railway will run from Red Deer to Rocky Mountain House, B. C., with a line to Moose Jaw.  
 It is stated on what appears to be good authority that through trains will be running between Winnipeg and Strathcona, also that the connecting line from Macklin, on this line, to Outlook, will be completed this season. The latter will give direct connection between St. Paul and Strathcona.  
 The following ad. was posted up in a Saskatchewan post office, written on a piece of paper: 5 Dollars—Read a vry, von red and vite call, mit its two behind legs was plack, he was a she call. Any petty dot prings dot call home pays no file dollars, file miles behind de vite also lake. Yours trobley, Hana Roy.  
 Mrs. Mabel Jane Clark, the wife of Conductor George Clark, of the C.P.R., died Friday morning at her residence, Calgary, at the age of 45. She had been confined to bed fourteen months. Mr. Clark is well known, having been a conductor, running out of Calgary, chiefly on the north line, for sixteen years.  
 "It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by Red Cross Drug Store.

## WIRELESS BUYERS HARD HIT

Wetaskiwin people will hear with regret from a financial standpoint through the wires from New York that the promoters of the United States wireless telegraph, which did an extensive business here and throughout the West, have been arrested in New York at the instance of the United States postmaster general on a charge of selling worthless stock to the extent of twenty million dollars. Wireless financiers have been heavy investors in this stock which was regarded by many as an excellent investment. According to the reports it is said the stock holders are not likely to realize a cent on their investment.

The C. P. R. are making four divisions from Winnipeg west instead of three. Moose Jaw is the new divisional headquarters.

H. S. Taylor was in town on Tuesday evening and was pleased to meet a friend of years gone by in the person of John Butler.—Dayland Press.

A newspaper offered a prize for the best answer to the conundrum—"Why is newspaper like a woman?" The prize was won by a lady in Okotoks who sent in the following: "Because every man should have one in his home, and not run after his neighbors."

Ottawa, June 19.—Sir Wilfrid Laurier will in all probability drive the first spike in the Alberta Central Railway, the approval of the route of which has been given by the Railway Commission. The proposed railway will run from Red Deer to Rocky Mountain House, B. C., with a line to Moose Jaw.

It is stated on what appears to be good authority that through trains will be running between Winnipeg and Strathcona, also that the connecting line from Macklin, on this line, to Outlook, will be completed this season. The latter will give direct connection between St. Paul and Strathcona.

The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by Red Cross Drug Store.

A very pretty little wedding took place at the home of Mr. and Mrs. Geo. Ruyle, at West Liberty, on Wednesday morning, when Mr. Thomas Hughes, school teacher in that district and Miss Leah Blinn, of Barrow-in-Furness, Lancashire, Eng., were joined in the bonds of holy matrimony. Mr. Clifford Wagner acted as groomsmen, and the bride was attended by her sister. The ceremony was performed by the Rev. S. Nicholson, of Leduc, assisted by Rev. W. H. Day, in the presence of a few select friends.—Packet.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by Red Cross Drug Store.

## News Notes

A carload of hogs sold on the Winnipeg market on June 8 for \$10.85 which is a record price for hogs in Western Canada.

For Dominion Day, July 1st, the Canadian Pacific Railway Company announce a rate of fare and one-third for the round trip. Tickets will be on sale June 27th to July 1st inclusive, final return limit July 4, 1910.

The tri-weekly midnight train between Calgary and Edmonton, has proven to be such a success that it will probably become a permanent service. The sleeper is filled almost to capacity every trip.

The Temperance and Moral Reform League will make an effort to have local option bylaws submitted this year in the territory from Calgary to Wetaskiwin, and possibly to Edmonton.

The big annual celebration of the Orangemen of Alberta will be held this year on July 12th in Edmonton. There will be a big procession through the city in which fifteen lodges will take part, to the grounds of the Grand estate, where speeches and sports will occupy the afternoon.

The Canadian Star referring to the crop conditions in Southern Alberta says:—"The report comes from the north that some of the wheat fields are so dry that if a match were to be set to them, they would burn like tinder; and similar reports are brought from the east. Study out what will be the results of such a condition, and shape your affairs accordingly."

Tuesday, June 29.—While an electric storm was raging over the town here yesterday morning, lightning entered the house of W. J. Test and struck Miss Gladys West, who was seated near the telephone, rendering her unconscious. The electrical current entered by way of the telephone wire. It happened about 11:30 o'clock and for some time Miss West's life was despaired of. Miss West is a niece of Mrs. John West, Wetaskiwin.

The C.P.R. has obtained an injunction preventing the C.N.R. from continuing its construction work south of Stettler, where the C.P.R. is largely interested in land. Some 200 teams and men are idle at present. It appears that the C.N.R. failed to comply with all the clauses in the Railway Act, requiring provisional approval of detailed plans and specifications of route before proceeding with construction. The injunction is to be continued two weeks.

## City Council

The regular meeting of the city council was held on Tuesday evening with Mayor Montgomery and Ald. Ellis, Wagner and Higgs present.

Minutes of previous meeting read and adopted.

Correspondence

From E. L. Miles revising prices for cement sidewalks to \$100 for prepared plans and \$100 for supervising work, the city to pay for them and if work is done by day labor \$225 for plan and supervision. Ellis—Wagner—That offer of Galt and Smith be accepted and they be instructed to prepare plans at once. Carried.

From secretary public school board requesting that the vacancy caused by the resignation of Trustee Carlson be filled without delay.

From F. M. Lennie, wanting to know if cement walk was to be laid on Pearce street. Higgs—Wagner—That the clerk inform Mr. Lennie that the walk was to be laid at once. Carried.

From John Grant re well drilling, giving reason for delay, stating that no pipe had been found for the work—Higgs—Ellis—That letter be acknowledged. Carried.

From W. J. Loggie, re Willows case against city. Higgs—Ellis—That Mr. Loggie be given information requested and that letter be referred to light committee. Carried.

Messrs. Rosenroff and Jas. Bradley, a delegation from the Board of Trade addressed the meeting requesting financial assistance for publicity work. The matter was referred to the finance committee on motion of Higgs—Wagner.

Ellis—Wagner—That sufficient signs be ordered for business streets in city from Thomas Sign Company.—Carried.

A tender was received from Hans Anderson for concrete culvert and other work on the outfall sewer system for \$900.00. Higgs—Wagner—That tender be accepted. Carried.

Ellis—Higgs—That Mr. Roberts be empowered to take up the matter of septic tank approval with the provincial health officer. Carried.

Ald. Higgs gave notice of motion that he would at next meeting introduce a by-law to appoint a returning officer to conduct election to fill vacancy on public school board. The following accounts were passed for payment: Waterworks and sewage \$6605.10; general \$155.16.

## Indigestion

Stomach trouble is best a symptom of, and not itself a true disease. We think of dyspepsia, heartburn, and indigestion as real diseases, yet they are frequently only of a certain avoidable character—nothing else.

It was this fact that first correctly led Dr. Shoop to the stomach nerve, where bringing the nerves and tend to Dr. Shoop and his Restorative. While out the stomach and thereby vital principle, both lasting accomplishments were ever to be had.

For stomach disease, bloating, indigestion, loss of breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

## Dr. Shoop's Restorative

RED CROSS DRUG STORE.

The matter of payment for plots at the cemetery was taken up and was referred to the cemetery and parks committee to bring in a report at next meeting.

Meeting adjourned.

## TERRIBLE DESTRUCTION OF LIFE AND PROPERTY IN HUNGARY FLOOD

Vienna, June 18.—The destruction of life and property by floods throughout Hungary exceeds all records. The total deaths have not yet been ascertained, but it is believed that they will aggregate close to 1,000. The damage done to crops and property will amount to several million. The entire harvest is seriously threatened with destruction.

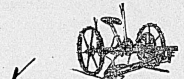

In the Kronstadt district 300 bodies have been recovered. In the Moldavia district 100 persons perished as a result of the sudden collapse of houses and in the Temesvar district 150 persons are reported to have been drowned.

It is probable that the worst is not known. The roads, railways and telegraphs have been destroyed. Thousands of cattle, sheep and hogs have been drowned. The rivers are choked with carcasses, trees and wreckage of houses. In some villages practically every building has been swept away. Thousands of acres of crops have been carried off with the soil in which they were growing. The population are in despair.

## No "Flying Start" required with this Mower

If your mower isn't a Frost & Wood, very likely you have to back up several feet and get a "flying start" before the knives will cut. That is because it is made on the External Gear principle.

Now, with the Frost & Wood No. 8 Mower the knives commence cutting the instant the horses begin to move. That is because the No. 8 is designed on the Internal Gear principle.

## Frost & Wood No. 8 Mower

We could tell you here the difference between External Gear Mowers and Internal Gear Mowers, but it would require a lot of space, and we can explain the difference more readily if you'll drop in and see us. We also want to show you the Large Bearings used in the Stay-tight Connection between Cutter Bar and Main Power Frame, as well as the Double Brace used to protect the working parts from jolt and jolts—and several other features exclusive to the Frost & Wood No. 8 Mower. Call and see us at your earliest convenience.
